DETAILED ACTION

A request for continued examination under 37 CFR 1.114 was filed in this application after appeal to the Board of Patent Appeals and Interferences, but prior to a decision on the appeal. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on June 30, 2003 has been entered.

It is acknowledged that Applicant intended to file an Information Disclosure Statement, yet as of this writing, none has been received.

Maintained Rejections:

Claims 33-38 stand rejected under 35 U.S.C. 102(e) as being anticipated by Collins et al., U.S. Patent No: 5710023 for the reasons of record.

Applicant argues that a showing under 37 CFR 1.608 is not appropriate because under 1.602 the application and the prior art patents are each owned by Wyeth. This argument has been considered but is not persuasive because there is no record before the Office of assignment to Wyeth. See 37 CFR 3.73 and MPEP 301.

Conclusion

No claims are allowable.

Art Unit: 1646

All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
